THE SHEN LOTUS
HAS A VERY POWERFUL
POWER. IT CAN SLOWLY
REACH THE ENGRAVED
DEATH MARK ON YOUR
BODY.

WHEN IT'S ALL
FINISHED REACHING
THE MARK, YOU CAN
EASILY SEE IN THE
FUTURE AND GET OUT.

SPIN FLOW CUT

My organs have now
fully been crushed. This feeling
surely marks really is reality.

Sorry that I'm sorry though
you've told me a thousand of
times. I still have to see you.

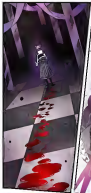

I must save her.

A close-up of a young woman with long, flowing pink hair and bangs. She has a sad expression, with her eyes closed and a tear visible on her cheek. She is surrounded by a soft, glowing pink aura, and numerous pink petals are falling around her against a dark, starry background.

She is crying,
she is crying because
she trusts me.

A close-up of a young woman with short, spiky blue hair and a determined, shouting expression. Her eyes are wide open, one yellow and one blue. She is wearing a dark blue collar. The background is dark with some light streaks.

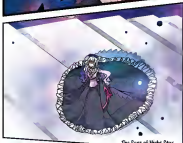

I CAN'T
LET ANY
THING
FALL IN YOUR

The Sage of Silver Star sacrificed himself. He used his life and power to turn into the holy sword.

The Sage of Night Star was controlled by words. She decided to die together with the woman she loved.

And 'Laythunder' who
is now waiting inside
the King's castle—

Under a serious condition will he die
under the sword of Milla Curry?

Or will he die from
the side effect of the
improved death mark
caused by using too
much magic?

No matter what the outcome
is, I will be very pleased.

Because the next thing to
happen will eventually cause
the fall of the three Sages
and the Demon King's anger

The last line of defense protecting the peacefulness
between mankind and demons will be broken!

Whether it is mankind or
demons, no one can escape from
the fate I have written down.
